10. In the space below, briefly describe your experience, qualifications, special areas of expertise, and any other reasons why you should be selected as a neutral.

Presently my practice is almost exclusively in the area of employment law and civil rights litigation. Accordingly, I have an in-depth knowledge of the law and the expected results if a case were to proceed to trial. Further, I bring a rare perspective in that I represent both employees and employers. I do not have the bias common among most employment attorneys.

In the construction and commercial areas, I also bring a fairly unique perspective in that I have owned and operated a construction company as well as serving as the CEO of a manufacturing company.

I believe strongly in the efficacy of ADR and would truly appreciate and welcome the opportunity to become involved in the successful resolution of lawsuits.
